DRESS CODE

The goal of the School of Automotive Machinists is to prepare its students to accept a responsible and professional position in the automotive industry. In addition to technical competence, the potential employer will be highly concerned with finding positive attitudes in regards to appearance, dependability, attendance, a good work ethic, and, of course, safety. To this end, the School of Automotive Machinists has adopted the following dress code for safety and appearance reasons. Failure to abide by this standard may result in a student being asked to leave. The time missed will be considered an unexcused absence.

- SHIRTS:** SAM uniform shirts must be worn at all times while at school. Shirts must be tucked in.
- PANTS:** All students must wear either blue jeans, cords, or dress slacks. Shorts, military pants or athletic apparel are not acceptable.
- SHOES:** Hard leather shoes or boots must be worn at all times while in school.
- CAPS:** Baseball caps are the only hats that can be worn at school. Caps other than those issued by School of Automotive Machinists must be approved by the administration.
- HAIR LENGTH:** Males-Hair should be cut in such a manner as not to touch the collar of a standard S.A.M. uniform shirt. Hairstyles are at the discretion of the administration.
Females-If hair is long it must be tied with a rubber band or hair net and tucked under a cap while in a shop/lab situation.
- MUSTACHES & BEARDS:** Acceptable if neatly trimmed.
- JEWELRY:** Jewelry of any type is discouraged. Earrings are not permitted.
- SAFETY GLASSES:** Safety glasses required to be worn at all times in all shop/lab areas.

STUDENT COMPLAINT/GRIEVANCE PROCEDURE

Schools accredited by the Accrediting Commission of Career Schools and Colleges of Technology must have a procedure and operational plan for handling student complaints. If a student does not feel that the school has adequately addressed a complaint or concern, the student may consider contacting the Accrediting Commission. All complaints considered by the Commission must be in written form, with permission from the complainant(s) for the Commission to forward a copy of the complaint to the school for a response. The complainant(s) will be kept informed as to the status of the complaint as well as the final resolution by the Commission. Please direct all inquiries to:

Accrediting Commission of Career Schools and
Colleges of Technology
2101 Wilson Blvd., Suite 302
Arlington, VA 22201
(703) 247-4212

A copy of the Commission's Complaint Form is available at the school and may be obtained by contacting Linda Massingill, Executive Director.

The information in this supplement is true and correct to the best of my knowledge.

Judson Massingill
Founder/Director of Education
